STAT

Dear Bill,

Thank you for a cordial reception last Tuesday; we feel that the trip to your shop was most worthwhile. In following-up, we phoned [Redacted] and have set a tentative shipping date of 4 May. In addition, we have submitted a request for a contract amendment which should simplify the funding problem.

STAT

We regret that time did not permit us to go into more detail on the subjects of change detection equipment and dodged viewing equipment. We are keenly interested in these topics and consider them to be of great importance in future photo-interpretation technology. If you can find it possible to send copies of relevant reports or to introduce us to the people most directly concerned with these programs, we would be most grateful.

Yours,

[Redacted]
